

surface of said board, and at least a part of said conductor is formed by an electrically conductive magnetic thin film; and magnetic thin films deployed at least on part of said board or said conductor part.

Cancel claims 20-21.

REMARKS

Entry of the foregoing amendments, and reexamination and reconsideration of the subject application, pursuant to and consistent with 37 C.F.R. § 1.104 and § 1.112, and in light of the following remarks, are respectfully requested.

This application is a divisional application, as noted above, and is directed to claim 21 in the parent application. Accordingly, independent claim 19 has been amended to incorporate the limitations of claim 21, respectively, and the dependent claims have been deleted or amended accordingly.

An early action on the merits is respectfully requested.

Respectfully submitted,
